

LIBERTY'S TORCH

NEWSLETTER OF THE ARMED FORCES RETIREMENT HOME

Help those
who sacrificed
to preserve
liberty's light.

Dear Friend,

Welcome to our very first issue of *Liberty's Torch*. This newsletter will share updates on the Armed Forces Retirement Home as well as honor its heart and soul—our residents. Our brave men and women have given so much to defend freedom around the world.

The AFRH is funded by active duty paycheck contributions and resident fees based on individual income. Yet, the cost of the valuable services we provide cannot be covered by these sources alone. So we look to family members, veterans' groups, and friends of the Home to sustain their care.

One way to support the AFRH and show gratitude for our residents' service is through a tax-deductible donation. Federal law permits us to accept unsolicited gifts made to the AFRH Trust Fund as well as contributions through a voluntary allotment program.

Another way to contribute is through designating funds to the AFRH in your will. By including the Home in your estate planning you can repay our residents for their devoted service to our country and ensure they are cared for in their time of need.

Also, you can dedicate bricks to residents, which will be laid around the flagpole on the historic quadrangle at AFRH-Washington. Your brick will be a lasting legacy of your support and a tribute to a resident or community event.

Since 1811, America's leaders have heeded *The Promise* to care for our aging service members. The AFRH was ultimately founded to carry out this

"Our veterans have sacrificed dearly to preserve liberty's light. We need your help to safeguard their golden years."

mission. All along we have provided a safe haven for veterans while evolving into a modern retirement home rooted in Person-centered Care.

We deeply appreciate and value your generosity in supporting our former military who have given so much to preserve the delicate flame of freedom. Together, we can ensure that *The Promise* to our veterans continues to be fulfilled and their legacy honored.

Sincerely,

Steven G. McManus
Chief Operating Officer

Heritage of the AFRH:

The Home's origins date back to the early 1800s with the establishment of the Philadelphia Naval Asylum in 1831 and the Washington Soldiers' Home in 1851. Ever since, we have provided eligible veterans with caring support and shared camaraderie—much like they experienced in their service days. Today, the two Homes are known as the AFRH: the premier retirement home for our former military. We offer residents all they need at our secure, gated communities in Gulfport, MS and Washington, DC. Both communities offer private rooms just steps from the dining hall, computer center, movie theater, hobby shops, bowling center, library, mail room, chapels, PX / BX, and more. Plus, our dedicated staff assists each resident individually with a range of support services and world-class healthcare—all at a fraction of the cost of a private home. A safe and secure retirement here is truly the greatest benefit of military service.
